Brand New Book ***** Print on Demand *****.Excerpt from Cloacal Morphology in Its Relation to Genito-Urinary Urinary and Rectal Diseases: With 54 Plates and 93 Illustrations For fifteen years the anatomical relation of the perineum, coccyx, uro-genital and rectal tracts has been attractive to me, especially symptomatology, which so much concerns them and which is so much in doubt. But not until a more recent time, when the importance of the pudic nerve and its many changes in distribution resulting from changes in the cloaca to form the perineum were suggested, was I convinced of the great similarity of physiologic symptoms due to their anomalies, diseases and injuries, and now at the conclusion of this research, I find this thought crystallized into one more certain and enduring. Especial attention has been given to the pudic nerve, lymphatics. Glomus coccygea, coccyx, Cowper s and Bartholin glands, because they play a more important role in symptomatology than has ever been ascribed to them. With the exception of the Glomus and Coccyx, no form of treatment is considered throughout this work. I have quoted freely from many authors, not only in histology, but in the general text, because I felt my incompetency and because time would not permit of a more general research. If therefore, I have been permitted to reflect only a delicate ray of light upon this suggestion, the purpose of this work will have been served. I desire to thank Dr. D. D. DeNeen for his assistance in preparing the work on the lymphatics, Miss Gladys Ayers and Hawley Zwick for photographic illustrations. Miss Ayers for copy, my students Miss Nevada Hannah and Mr. R. A. White for assistance in the preparation of the...
