Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I get a lot of flak from the trading education community for opening up the door for new brand new traders and giving them real opportunity to learn trading the right way from the first day. Most trading shown in books, video training and webinars these days is taught not only unrealistically it shows you information you really don t need and that cannot help you have an edge. They are showing you how to trade on information that has already happened, and there is zero edge in that. If you re getting into this business to make money I strongly encourage you to pay strict attention to the principles in Forex Method for High Profit. The professional advice I give you in Forex Method for High Profit will empower you to have confidence and zero fear of going in the live markets and accurately initiating a low risk high reward position with which you can have a high probability outcome from being a live market participant. Becoming a successful self-directed investor and trader is not nearly as difficult as one would think as long as they have the proper education and proper knowledge base right from day one. It takes a while but you can do it! Once I tell you the basics to investing and day trading the live financial markets to make money every day with the smart money you will be on your way to consistent profits every day. From reading Forex Method for High Profit you ll be able to incorporate the simple investing and trading principles you learn into your own core strategy when you put it together.
