Brand New Book ***** Print on Demand *****.JOINING MIRACLES: NAVIGATING THE SEAS OF LATENT POSSIBILITY is a fable exploring how the human mind and spirit can make practical application of some of the findings of today s advanced scientific discoveries on the deeper nature of reality, particularly the overlooked potential of the human mind to shape the version of reality that we experience. It begins when a hiker, lost and injured in the mountains in the midst of a storm, stumbles upon a small, apparently forgotten chapel. Carved on the wall are messages in an alphabet he does not recognize. A small, bearded old monk arrives and introduces himself as the Keeper of the Knowledge. What knowledge? the hiker asks. The monk points to the inscriptions in the stone wall and says, Those messages convey the core of the Knowledge. The Knowledge provides a way of taking active control of the events and circumstances you encounter in life. The hiker backs away. The monk says, It seems you are thinking that a few words carved on an old church can have no real impact? Yet we know that Einstein wrote even less, $E=MC^2$, and changed the way the universe was perceived. But, the hiker says, $E=MC^2$ was only a symbolic way of expressing a much larger concept. The old monk nods: Then why do you assume these messages convey any less? (This fable, JOINING MIRACLES, also links with the spiritual thriller, DEEPER SECRET. Both are by the same author.).
