It is also an emotional and spiritual disease that affects every part of us: body, soul, and spirit. And while thankfully a great number of women can and will survive cancer, thriving means something far more than this. God always intended for us to thrive, and with His guidance we can more fully heal and begin to thrive in ways we d forgotten were possible. In *Thriving in God s Love*, author Suzanne Bonner shares her personal story of wholly healing in body, soul, and spirit after surviving thirteen cancerous tumors in her left breast. While walking with other breast-cancer sisters, she uncovered the seven powerful steps of fully healing after treatment. God wants each of us to rebuild a life that is full and rich in all the ways that matter--faith, feelings, family, forgiveness, food, fitness, and fun--and the tools, tips, and strategies in *Thriving in God s Love* can help breast-cancer survivors find wholeness and completeness in their healing. Join Suzanne as you work through your own journey to wellness in body, soul, and spirit, healing in the ways God provides for us in His Word. The One who made you also dearly loves you, and He wants you to step into the life He s given you in all its fullness! May you thrive into old age, flourishing in the grace He lovingly shows you throughout this walk.
