Hanen Centre, 2014. Softcover. Book Condition: New. Take Out the Toys is the second booklet in the Make Play R.O.C.K.? Booklet Series for parents of children with autism spectrum disorder and other communication difficulties. The booklet offers practical, research-based guidance for expanding children?s ?functional play? ? the kind of early toy play that involves doing conventional or ?expected? actions on toys. Filled with easy-to-follow guidance and concrete examples, this booklet helps parents promote their child?s play skills while having fun together. Highlights include a checklist to identify children?s stage of play and next ?play step? and a ?Toy Play Plan? to help parents plan their child?s next play step. Take Out the Toys gives parents the tools to help their child develop early toy play skills. This early type of play, known as functional play, is an important step on the road to developing more advanced play skills, as well as building social skills. Functional play involves playing with toys in "expected" ways, such as putting shapes into a sorter or building a tower with blocks. This booklet has a play checklist, which helps you identify how your child currently plays with toys. From there, you learn how to expand functional play skills by helping him learn to imitate new play actions using a variety of objects and toys. As your child learns to imitate new and more complex types of functional play, he is not only learning new play skills, but is building the foundation for improved language development. Fern Sussman is a speech-language pathologist and the former clinical program director of Autism Services at the Hanen Centre. Fern is also the author of the Hanen Centre's More Than Words and TalkAbility guidebooks. She developed two Hanen programs for parents by the same names. These parent-implemented early language intervention...
