Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Big Game of Africa This volume is not only a narrative of my own wanderings and experiences in that continent, but is also intended to be a guide book to those many who are interested in the life and habits of the African game animals as well as in the best way of stalking these with either camera or gun. For in the many good books on hunting in the Dark Continent, little or nothing has been said that may help the would-be African big game hunter in the selection of the proper outfit, guns, cameras, curing materials, etc., nor do they give him any definite information as to where, when and how to secure the game he wants, and none of them contains the most necessary introduction to the ki-swahili language, even a slight knowledge of which will prove of immense help to the sportsman when hunting in British East Africa, German East Africa and Uganda. This book is the result of my own experiences and observations during three different expeditions to British East Africa, and contains the most reliable information I was able to obtain from other sportsmen and professional hunters, as well as from the wild sons of that wonderful game country who, themselves, spend most of their lives roaming around among the Big Game of Africa. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
