Brand New Book ***** Print on Demand *****.Excerpt from Principles of City Land Values When placed In charge of the Mortgage Department of the U.S. Mortgage Trust Co. in 1895, the writer searched in vain, both in England and this country, for books on the science of city real estate as an aid in judging values. Finding in economic books merely brief references to city land and elsewhere only fragmentary articles, he plan arose to outline the theory of the structure of cities and to state the average scales of land values produced by different utilities within them. The material for this study of the structure of cities - including their locations, starting points and lines of growth - has been gathered from a large number of local histories of American cities, old maps, commercial geographies, c. The material for the study of average scales of values has been drawn from the mass of valuations of land and buildings, rentals and mortgages, obtained in about fifty cities in the course of the mortgage business of the U.S. Mortgage Trust Co. and also from many...
