Much of the action of *The Black Laurel* takes place in Berlin, 1945. But it is not a novel about Germany. It concerns a group of English people whose duties or interests place them in Berlin during the first summer of the Occupation. They are involved with one another through their position in occupied territory or through their friendships, and by their interest in the fate of one German who has been arrested and condemned. When William Gary, for whom human beings have been instruments, tries to turn to a human loyalty and devotion, can he escape the involuntary callousness of his own mind? Colonel Brett stumbles over his own folly as much as his honesty. Lise and Arnold, pretending to a sophistication neither has, have to find their way back through separate disillusion, to the simplicity of their young love.
