This information- and image-packed guide lets users get right down to work by providing exact steps for the Dreamweaver CS4 features theyre most likely to need and use, including new features like CSS-based page layout with Absolute Placement objects, Spry datasets for pages built with live data, Spry validation forms for collecting user input, and Spry effects. The book showcases each in a stand-alone tip, complete with a relevant hint or two and helpful screenshot. This is how readers can learn just what they need to know, exploring the program at their own pace to learn just the features and tools they need. 253 pp. Englisch.
