Andrews McMeel Publishing, United States, 2006. Hardback. Condition: New. Language: English . Brand New Book. Who else but a mother would drive at breakneck speed, ignoring traffic signs and risking her preferred driver status, just to make it to a soccer match on time? How do you thank a mom who goes above and beyond her motherly duty? You could present her with clunky ceramic candlesticks made in third grade art class that she'll display at all times--even when company comes. Or there's Cathy Hamilton's latest book, *Who Else but a Mother?*, which celebrates Mom and all the quirky and heroic ways she keeps her household held together--occasionally with the aid of superglue. After all, who else but a mother . . . \* Would smile and pretend that everything is perfectly normal, even though her precious child is standing stark naked in the middle of her dinner party? Perfect for Mother's Day, *Who Else but a Mother?* is the gift to show her you notice and appreciate all the loopy and loving things she does.
