Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.For aeronautical engineer and former Army Air Force fighter pilot Donovan Davis recovering from the physical wounds of war were relatively brief and complete. However, recovering from the mental horrors of war proved to be much more difficult to overcome. Constantly plagued by reoccurring nightmares of the many atrocities he witnessed during World War II, Davis spent 40 years trying to forget the war. In June of 1944, he received an oblong mailing tube from a lawyer in London. The painting inside the mailing tube would lead him on a journey of understanding and redemption that restored the love of family and friends that had been taken away from him by the war. This journey would give him a second chance at fatherhood and marriage and will leave all who read his story with a sense of good triumphing over evil and a renewed faith in friendship and family.
