Brand New Book ***** Print on Demand *****.Excerpt from *Introductory Language Work: A Simple, Varied, and Pleasing, but Methodical, Series of Exercises in English to Precede the Study of Technical Grammar Should Language be Taught Directly, or only Incidentally?* - Careful and intelligent experiment has of late cleared away much of the fog of conflicting theory and method surrounding the subject of language teaching, so that it is now beginning to take definite form and to receive rational treatment. The theory that language is best taught indirectly through a series of information lessons is giving place to the conviction that the chief business of the language teacher is with the adaptation of the expression to the thought. It is impossible to carry on a course of object lessons and a course of language lessons together and make both consecutive and progressive. One must be sacrificed to the other, and it is invariably the language work that gives way. It is comparatively easy to make a series of object lessons continuous or to fill up the time of recitation with general information, while it is extremely difficult to bring oral language lessons within any well-defined plan or purpose.
